

PJ-673

Full Page Mobile Printing Solution

Fast, easy and reliable – ideal for Apple® users

Being compatible with Apple®, the PJ-673 is the perfect high quality mobile printer for your customers. This sleek, lightweight A4 printer now let's everyone with an iPhone® or iPad® print professional, high quality documents on the go using a simple app*.

These days, more and more organisations want their staff to print when they're out in the field. Whether it's emergency workers, sales reps, health workers or delivery drivers; having the ability to print reports, invoices, orders or receipts on the spot improves efficiency and, ultimately, reduces costs

Top Features:

Compatible with Windows®

- Print from Windows PC's through the USB interface
Or wirelessly (Ad-Hoc mode only)

Ready to Integrate with iOS® apps

- Using Brother SDK (3rd party development required)

Full Page Printing

- A4 printing for easy readability

Portable Durable Handheld Design

- Designed to withstand even the harshest conditions.

Low Consumable Costs

- No ink or ribbons to replace.
The only consumable is the thermal media.

Fast Print Speed

- Print at up to 6ppm

Low Maintenance costs

- Highly reliable direct thermal technology uses fewer moving parts than other printing technologies.
