

Epson Expression Photo XP-950

DATASHEET

The Expression Photo XP-950 is an ultra-compact A3 printer that offers all the high-end features usually found in an Epson photo all-in-one with the added ability to print high-quality, glossy A3 photos. This photo all-in-one¹ with rear speciality media feed is ideal for transforming your favourite images into large, beautifully detailed prints and its footprint is more typical of an A4 printer.

Media flexibility and A3 photos

With two front-loading paper trays, you can switch between photo and A4-sized prints without having to reload the media, while the rear speciality media feed enables you to print onto a variety of media up to A3. In addition you can print directly onto suitable CDs and DVDs.

Claria Photo HD Ink

Epson's six-colour Claria Photo HD Ink is ideal if you are looking to produce superior-quality, long-lasting photographs, as it delivers smooth tonal gradations, deep natural blacks and rich, vibrant colours.

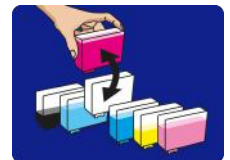

Epson Connect and mobile printing

The Expression Photo XP-950 comes with Epson Connect², which allows you to quickly and easily print documents and photos over Wi-Fi from smartphones, and tablets. You can also print from anywhere in the world by emailing documents and photos directly to the printer, while Scan-to-Cloud enables you to store scanned documents directly in cloud services.

It is also compatible with Google Cloud Print.
