

Compact, convenient and capable

Truly versatile, professional multi function product (MFP) for fast mono printing, copying and colour scanning.

Combining mono printing, copying and colour scanning with unique in-box software, the B2500 MFP lets you access advances in document management and printing normally reserved for more costly equipment. You'll produce professional-looking documents with ease and enjoy fluid multi-tasking, whether creating or archiving hard or soft copy. The compact, stylish B2500 MFP does all you'd want and more.

Versatility. Reliability. Simplicity. All in one

- The professional solution that's versatile, reliable and extremely simple to set up and operate.
- Benefits in core functions: Mono printing, copying and colour scanning.
- Can print and copy at 16 pages per minute to keep your business moving.
- Digital copying with zoom and multi-copy features.

- Flatbed allows flexible scanning and copying.
- Scan in colour to add vibrancy to your soft copies.
- Supports range of media including address labels, CD labels, letters and envelopes.
- Unique additional front USB port with scan to and print from functionality allows easy transfer and sharing of documents.
- Wireless printing option for easier working and improved efficiency.
- Ideal for the small office and home office user – compact design and OdBA standby noise won't distract.

Competitive cost. Affordable consumables

- Competitive running costs and cost per copy – quality doesn't have to be expensive.
- Clever design ensures that changing the combined cartridge is quick, clean and easy.

Unique all-inclusive software package

- Enjoy a range of in-box utilities including the industry-leading, award-winning PaperPort® document management software.
- Manage archived information and enhance productivity - Any PC file, document or image can be scanned to PDF, to be quickly available and shared through PaperPort's® user friendly thumbnail-based interface.
- Ask OKI is easily accessed on-line advice dedicated to the product, including troubleshooting and ideas to improve documents.
- Template Manager simplifies the process of in-house printing, with ready-made templates for a range of documents.
