

## The all-in-one solution for the small to medium workgroup

### Truly versatile, professional multi function product (MFP) for fast mono printing, copying, colour scanning, direct faxing and network printing.

The complete solution to help you become more competitive, the B2540 MFP performs reliably in all functions. The unique in-box software lets you access advances in document management and printing normally reserved for more costly equipment. You'll produce professional-looking documents with ease and enjoy fluid multi-tasking, whether creating or archiving hard or soft copy. The compact, stylish B2540 MFP does all you'd want and more.

### Versatility. Reliability. Simplicity. All in one

- The professional solution that's versatile, reliable and extremely simple to set up and operate.
- Benefits in all core functions: Mono printing, copying, colour scanning and direct faxing.
- Can print and copy at 16 pages per minute to keep your business moving.
- Digital copying with zoom and multi-copy features.

- Flatbed allows flexible scanning and copying, assisted by automatic document feeder for multiple pages.
- Scan in colour to add vibrancy to your soft copies.
- Supports range of media including address labels, CD labels, letters and envelopes.
- Unique additional front USB port with scan to and print from functionality allows easy transfer and sharing of documents.
- Wireless printing option for easier working and improved efficiency.
- Ideal for the small office – compact design and OdBA standby noise won't distract.
- Network printing for small to medium workgroups.

### Competitive cost. Affordable consumables

- Competitive running costs and cost per copy – quality doesn't have to be expensive.
- Clever design ensures that changing the combined cartridge is quick, clean and easy.

### Unique all-inclusive software package

- Enjoy a range of in-box utilities including the industry-leading, award-winning PaperPort® document management software.
- Manage archived information and enhance productivity - Any PC file, document or image can be scanned to PDF, to be quickly available and shared through PaperPort's® user friendly thumbnail-based interface.
- Ask OKI is easily accessed on-line advice dedicated to the product, including troubleshooting and ideas to improve documents.
- Template Manager simplifies the process of in-house printing, with ready-made templates for a range of documents.
