

**In the home office, space can be limited. So instead of having separate machines, it makes sense to go for one machine that can do all the jobs you need – printing, copying and scanning - in one neat, compact package. If you're working with a tight budget, buying just one low-cost machine could save you plenty of money too.**

And with high print speeds and excellent print, copy and scan quality, the DCP-195C has all the attributes of a much pricier printer, for so much less.

## Quick, easy and flexible

Fast print speeds of up to 33 pages per minute mean you won't be hanging around waiting for your prints, plus you can save even more time by printing documents direct from a USB memory stick or lab quality photos direct from your camera. With Brother inks and paper, your photos are designed to last for up to 100 years, with no fading due to exposure to light.

Scanning options include direct to USB (including PDF format), or straight to email, while OCR – Optical Character Recognition – saves you the job of re-typing printed documents.

You can copy in colour or black and white, reduce or enlarge images or cut your paper costs by condensing multi-page documents onto one sheet.

## Green and clean

Low power consumption, minimal noise, non-hazardous materials and recycling friendly design meet renowned Energy Star and Blue Angel environmental standards. Brother has also been awarded 100 out of 100 by the Ethical Company Organisation for the third year in a row – the only printer manufacturer to achieve this.

And our commitment to the environment now includes sponsoring 4 square kilometres of Amazon rainforest in partnership with Cool Earth, which protects endangered areas to help combat global warming.

## You're covered

When you buy a new piece of equipment, the last thing you expect is for it to let you down. In fact, when something does go wrong with one of our products, we're as surprised as you are, as every Brother machine has been through rigorous testing. So, in the unlikely event that you do have a problem with your machine, you'll be pleased to hear that every Brother printer comes with a full 12 month warranty plus 24 hour online support. Which means if your machine does let you down, our dedicated aftercare team won't, even after your warranty period has expired.

## Colourful savings

With Brother's Innobella original ink cartridges and paper you can be sure of top quality prints time after time, with true, vivid colours from 100 years lightfastness fade-resistant inks and specially coated paper. You'll even save money too, as the design uses individual ink cartridges so you only have to replace the one that's run out.
