

HIGH QUALITY, HIGH SPEED FUNCTIONALITY AT HOME

HIGH QUALITY PRINTING

Proposal, spreadsheet or a school project – whatever you're printing, with impressive print speeds and brilliant quality, you won't be kept waiting long – and you won't be disappointed with the results.

HIGH QUALITY COPYING

Whether a single document, a page from a book or multiple pages, whatever you're copying you can be sure the results will be clear and sharp.

SCANNING AND FAXING

From archiving important documents to PDF or retouching old family photographs – you can quickly and easily scan in high resolution for a professional result. Need to fax? You can do this as well!

DIRECT CD, DVD AND BLU-RAY PRINTING

For a professional touch, personalise your CD, DVD or Blu-ray discs – impressive and practical.

If you're working from home – don't compromise on the quality of your print, speed or functionality – just find the new Brother A4 inkjet all-in-one printer that's right for you.

PROFESSIONAL OFFICE PERFORMANCE THAT FITS RIGHT IN AT HOME

With more than 3 million of us working from home, the more need there is for a printer that offers professional office performance.

One that works as fast as you, gives you the quality you want, and one that is not just a printer, but also a copier...a scanner...and a fax.

This level of multi-functionality often results in a printer that, while perfect for the office, can look a bit out of place in the home. Unless you choose one of our new A4 inkjet all-in-one range.

In one compact machine, you can not only enjoy the same professional standards of print as you do in your workplace, but also a design that you'll feel very comfortable with.
