HL-2140

A low-cost solution to your mono laser printing requirements. The Brother HL-2140 gives you high speed, professional quality prints from a stylish, compact machine.

Whether you're part of a small office or running a business from home, it's always wise to have the option of low-cost mono laser printing.

Consider your daily print requirements. Do all of your business documents really need to be printed in colour? If you need fast, high quality, cost-efficient print results then the Brother HL-2140 mono laser printer is at your side.

Stylish and compact, it will fit easily into any workspace and is simple to set-up and use. By following the quick start guide supplied you will be printing your documents within minutes, at a high performance print speed of up to 22ppm.

The HL-2140 is flexible, offering Windows® Mac® and Linux compatibility.

Its USB interface provides full speed connectivity for most modern business devices. It's versatile too. The 250 sheet paper tray can cope with large print runs without the need to be regularly re-filled, and media types such as envelopes, can be handled through its manual feed slot.

Every business needs to keep an eye on costs, so with its surprisingly low price, together with a separate toner and drum which means you only replace the toner or drum when necessary – the HL-2140 is a real cost effective addition to your workforce.
