- Integrated telephone handset
- 10 one-touch dials and 100 speed dial location
- Up to 20 sheet Automatic Document Feeder
- Individual ink cartridges with fade resistant ink

# MFC-3360C

The ideal solution for the professional office, the Brother MFC-3360C combines four key office functions in one compact machine.

Combining four colour office functions – printing, faxing, scanning and copying – with the reliability and durability that you would expect from Brother, the MFC-3360C is the ideal machine for the small or home office environment.

Fast **print** speeds deliver mono text documents quickly and efficiently, while complex colour presentations and graphics are printed with a high quality, professional finish with or without the borderless option.

Both colour and mono **faxes** can be sent and received exceptionally fast due to the built-in 33,600bps Super G3 fax modem.

The integrated telephone handset can replace your regular phone and with 100 speed dial locations and 10 one-touch dials, you can store your most frequently used contact details.

The MFC-3360C's 170-page memory ensures you never miss that all important fax should you run out of paper.

This compact all-in-one also includes a built-in **scanner** that enables scanning in a variety of different formats; including scan to e-mail, file (including PDF), OCR or image.

Brother's MFC-3360C is fully equipped to **copy** black and white or colour documents at the touch of a button. The 20 sheet automatic document feeder makes copying multi page documents simple, thus bringing the convenience of a colour copier to your desktop.

All Brother colour inkjet all-in-one products come complete with **four individual colour ink cartridges** so colours can be replaced separately. Brother original LC1000 ink cartridges with fade resistant ink used with Brother BP61 glossy paper enables the MFC-3360C to print with a smaller droplet size (1.5 picolitre). The result is a higher quality print with better definition.

# Technical Specifications MFC-3360C

## General

Engine	Inkjet
LCD Display	1 line x 16 characters
Memory Capacity	16MB
Paper Handling Size	A4, LTR, LGL, EXE, A5, A6, Photo 4 x 6", Envelope plus additional sizes
