

Long lasting labels from P-touch

Brother P-touch laminated TZ tapes ensure that your labels, once printed and applied correctly, will last for many, many years. Made up of six layers of material to form a thin, but extremely durable label which we've tested to the extreme against the affects of abrasion, temperature, chemicals and sunlight. Results prove that Brother P-touch laminated labels out perform those of our competitors.

P-touch 2470 Features

Built in cutter for perfect length labels every time - no need for scissors.

Ensure you get your message across by printing up to 7 lines of text on a 24 mm wide label.

Separate dedicated numeric keypad for quick entry of numbers.

Include barcodes on your labels - ideal for retail or warehouse use.

Print labels from 6 mm to 24 mm in width. A wide variety of label colours, sizes and materials are available.

Easy-to-read backlit LCD display which incorporates two lines for your text, and a handy status line.

The "Label Type" Key can be used to make common labelling tasks easier, such as cable identification, vertical labelling and general labelling.

Choose from a variety of type styles to personalise your label - use italic, outline, bold and other combinations on your text to make your labels stand out.

An AC adapter socket located on the base of the machine allows the machine to be conveniently powered using an optional AC adapter.

The need for labelling

Help organise your workplace with durable, high quality, labels. Clearly labelling your stationery, files, CD/DVD cases and shelves etc will help improve efficiency around the office by ensuring you find important information quickly. By using the P-touch 2470 to label items in the office, you will find what you want, when you need it, saving time and effort !

With its portable handheld design and easy-to-use features, the P-touch 2470 will print wherever and whenever you need a label. Brother P-touch labels are available in a wide variety of colours and sizes, so you're sure to find one suitable for your needs.
