# Brother HL-5240

## Speed and Performance

Sturdy yet compact, this printer is ready to perform. With fast print speeds and compatibility across Windows®, MacOS®, Linux, Unix and DOS based platforms, this machine can handle all your business printing needs.

## Operation made easy

Brother makes life simple by offering as standard a variety of practical features. Hi-Speed USB 2 and Parallel ports mean connectivity to your PC is straightforward, and a 3 colour LED advises you of the current status of your machine. The separate toner and drum ensure quick and economical replacement of supplies, looking after both your budget and the environment.

- Up to 28ppm mono printing speed
- 1,200 x 1,200dpi printing resolution
- 16MB memory (expandable up to 528MB)
- Up to 250 sheet paper tray (expandable up to 500 or 750 sheets with optional trays)

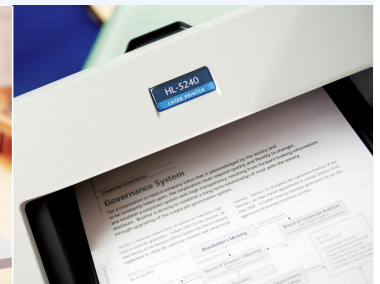

- Up to 50 sheet multi-purpose tray
- Hi-Speed USB 2 and Parallel connectivity
- Separate toner and drum (optional high yield toner available)
- Optional 10/100 Base-TX Network

## Bringing complete flexibility to your desktop

The HL-5240 meets all your changing business print demands. You will benefit from the 250 sheet paper tray, which is expandable to both 500 and 750 sheets through optional paper trays. The 50 sheet multi-purpose tray allows you to print on different media, such as envelopes, labels and specialist paper, thus improving printing versatility and all-round office efficiency.

## Optional Network Connectivity

Easily upgradeable to incorporate full network capabilities, this printer allows you and your work group to take advantage of its fast print speeds without the cost of multiple desktop printers. The Brother HL-5240 offers you all of this, so you don't have to compromise on print quality and reliability.
