The Brother QL-550 Label Printer. Faster, more versatile and easy to use – a new level of label printing performance.

The Brother QL-550 Label Printer has taken label printing to new levels. Whether you need one label or many labels, it's the fastest, easiest and most versatile way to print labels directly from your PC. Perfect for printing address & shipping labels, banners & signage, this machine has **unique label flexibility** and can print on both **die-cut peel-off labels** or **continuous length tape**.

Fast printing of high quality labels

- Prints at speeds of up to 50 labels per minute*
- Includes P-touch Editor software which allows you to create custom layouts with barcodes, graphics, true type fonts and special formatting (including frames and tables)
- Highlight, click and print option for quickly printing labels from popular Microsoft Office applications including Outlook®, Word® and Excel®
- Direct Thermal print technology eliminates toner, ink and ribbon costs
- Label Templates - for quick label creation
- Full network connectivity allows multi-user printing with optional PS-9000 print server.

*Standard address labels

Create signage up to 24.8cm in height and 1m in length, by printing on four strips of continuous length tape.

Two Easy Ways to Make Labels

① Highlight, Click and Print
(Print directly from Microsoft Word®, Excel® and Outlook®)

OR

② Get creative and design your own labels with our label design software
