

Dell 968 All-in-One Printer

DELL™ MAKES IT EASY TO BUY, USE AND OWN PRINTERS

TECHNOLOGY YOU NEED

- All-in-One Integration
- Print/Copy/Scan/Fax
- Advanced photo features

VALUE YOU EXPECT

- Great performance for price
- High yield ink cartridges available for maximum efficiency

EXPERIENCE YOU WANT

- Dell Ink Management System™
- Dell service and support
- Excellent network connectivity options

Four functions in a single device is only part of what makes the Dell 968 All-in-One Printer such great value for money and a smart investment for your home office or small business.

Big savings come as part of the package. Start by freeing up valuable workspace with the Dell 968's sleek, compact design, leaving more room for creativity and productivity. With fast print speeds of up to 31 pages per minute (ppm) mono and 27ppm colour, Dell's fastest All-in-One inkjet is designed for maximum performance together with ease of use.

Simply plug in your Dell 968 and go. Start off by creating professional looking documents such as brochures, presentations, greeting cards and flyers, all at your own desk. Don't be afraid to add your own images either; using the advanced PictBridge™ technology or memory card slots you can directly connect camera to printer and edit photos on the 968's 2.4" LCD screen.

Sending important documents is fast and easy; fax and receive documents in colour using the 968's standalone fax capability. Rather use email? Simply "scan to email" (or another application of your choice) at the touch of a button. Copying large jobs is also quick thanks to the 50 sheet auto document feeder, and by adding the optional 150 sheet paper drawer you double the total paper input capacity, reducing the number of times you need to reload paper. Also you can seamlessly integrate the AIO 968 with your existing network setup by adding the optional integrated wireless and ethernet network card.

Take the stress out of printer maintenance. The Dell Ink Management System™ will notify you before you run out of ink, so you can easily order new cartridges directly from the Dell website. While our tech support and optional two and three year extended service offerings ensure that with Dell backed service and support you'll be covered.

THE DELL ALL-IN-ONE 968 DELIVERS;

Technology you need

- All-in-One integration so you can print, scan, fax and photocopy in one easy to use product
- Scan high quality documents directly to your e-mail or favourite application with up to 1200 x 4800 dpi, 48-bit scanning resolution
- Excellent productivity with up to 31ppm black and 27ppm colour printing (actual print speed will vary with use)
- Print borderless lab quality photos on Dell Premium Photo Paper up to A4 directly using the PictBridge port and memory card slots
- 2.4" colour LCD screen for enhanced photo viewing and menu navigation
- Advanced fax and copy functions include colour fax support and 50 sheet auto document feeder (ADF) for unattended multipage faxing, scanning and copying
- Optional automatic duplexer for double sided printing and optional additional 150 sheet paper drawer
- Optional ethernet and wireless networking capabilities

Value you expect

- The essential home/office printer for maximum productivity with optional networking and duplexing capability from Dell
- The Dell Ink Management System™ monitors ink levels and approximates how many pages you have left to print
- Dell Recycle Program ensures the environmentally friendly recycling of your hardware and ink cartridges
- High yield ink cartridges available for maximum efficiency

Experience you want

- Easy and convenient connectivity with USB/PictBridge and memory card slots
- Easy integration into your existing network using the optional integrated wireless and ethernet network interface
- Dell backed service and support, telephone technical support, one year of Next Business Day Exchange Service¹ and optional two and three year extended service offerings
- Plug & Play with new Dell PCs pre-installed drivers purchased with the AIO 968
- Your PC tells you when you are low on ink and directly links to www.dell.com/supplies

Dell 968 All-in-One Printer

Never run out of ink again!

The Dell Ink Management System™ monitors ink levels and, notifies you before you run out of ink and gives you a direct link to Dell online for easy ordering.

Service and support

- One year of Next-Business-Day Exchange Service¹ is standard and provides you with a replacement printer on the next business day, limiting potential downtime
- You can use the Dell Online Support site for the most up-to-date drivers and technical information about your printer

Recycling made simple

Recycling printers with Dell is easy, safe and free of charge to the customer. Visit www.dell.com/recycling for details.

- Each Dell printer includes instructions for returning an old printer for recycling
- Dell pays shipping charges for printer recycling
- Cartridge recycling now available in most Western European countries
