

## Epson AcuLaser C2800 Series

### Total peace of mind for business colour laser printing

Combine speed, ease of use and silent running with superb colour and mono results. The Epson AcuLaser C2800 Series brings value, reliability and laser quality to your workgroup colour printing.

This is the perfect general purpose A4 colour laser for small workgroups. Work quickly with a very fast first page out time and keep expenses down with a very low cost per page. Integrate easily with network by default, PCL and genuine Adobe® PS3 languages as standard.

This printer is easy to use, extremely reliable and simple to maintain. It's also very quiet when printing. And it's upgradable too, so you can add options such as a duplex unit as your business grows.

**All your A4 business printing needs** – superb results for the whole office on media from recycled paper to envelopes

**A high speed printing partner** – print up to 25 ppm mono and 20 ppm colour with Epson ASIC technologies

**Easy to set up** – network enable by default, free network management tools included

**Keep office noise to a minimum** – very quiet and unobtrusive when in use, silent when not printing

**Superior print quality** – laser performance on everything from letters and graphics to full colour photos

**User friendly** – easy to operate and maintain, with a large back-lit LCD for clear instructions

**Keeps on working** – run out of colour toner during a job and the printer will continue printing in mono

**Low cost of ownership** – save money with high yield, attractively priced consumables

#### Key benefits:

- Great value for money – the perfect, all-round business laser
- High-quality at high speed – great results at up to 25 ppm in black and white, 20 ppm in colour
- Easy to integrate into your IT environment – network interface, PCL and genuine Adobe® PS3 as standard
