Epson **AcuLaser M2400D series**

35 ppm   **A4**   **1200 dpi Resolution**

800 Optional   On DN model

On D model   **2.0**   ENERGY STAR
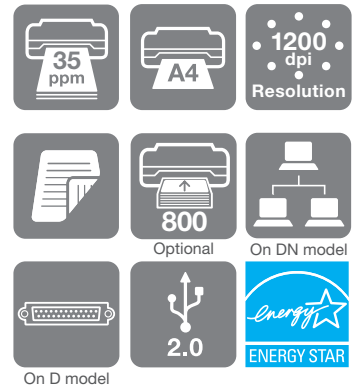

Increase your company's efficiency with the Epson AcuLaser M2400D A4 mono laser series. Designed for small-to-medium workgroups, it gets the job done fast with a first-page-out time of 7 seconds and a print speed of 35 pages per minute. There's no compromise on quality with a print resolution of 1200 x 1200dpi.

The AcuLaser M2400D series has the flexibility to perfectly match the needs of your workgroups – with expandable RAM. Paper handling is adjustable too, with automatic double-sided printing and a choice of one or two optional additional paper trays to increase capacity up to 800 sheets.

Seamlessly integrating into IT environments, the AcuLaser M2400D series supports PCL5e, PCL6, ESC/Page, Genuine PostScript 3™ and PDF 1.3. It features a parallel port (D model) or an Ethernet interface (DN model) for easy connectivity.

Your company's cost per page is optimised thanks to high-capacity toner cartridges. The series' ENERGY STAR® qualified power efficiency and Epson's toner cartridge return programme further reduce bills and minimise environmental impact.
