Kodak ESP-5

All-in-One Printer print copy scan

KODAK welcomes you to an easier way to print, copy and scan photos and documents for less. With the KODAK ESP5 All-in-One Printer you can print significantly more photos, documents and colour graphics pages for your money, compared to comparable consumer inkjet printers.*

The low cost premium ink cartridges are just £6.99 RRP for black and £9.99 RRP for the 5-ink colour cartridge. And the KODAK ESP5 All-in-One Printer features a large 7.6cm (3") colour LCD display, plus memory card and USB slots, so you can view, edit and print with or without a PC. No matter how you choose to use it, now you can print, copy and scan even more for less – while compromising nothing.

Key Features

- Make significant savings on everything you print
- No need to compromise! With KODACOLOR Technology, you get it all – exceptional image quality, fast print speed and long lasting photos every time you print
- Affordable and convenient too, this two-cartridge system – £6.99 RRP black and £9.99 RRP 5-ink colour – saves you up to 50% on everything you print compared to similar consumer inkjet printers*
- Print KODAK Lab-quality 10 x 15cm (4" x 6") borderless photos in as little as 30 seconds¹ that last a lifetime²
- Print documents up to 30 pages per minute in black and 29 pages per minute in colour³
- Large 7.6cm (3") colour LCD display plus memory card and USB slots to view, crop and print without a computer
- Intelligent paper sensor automatically adjusts settings based on paper type. Even better, when using KODAK photo paper the printer recognises the exact paper type and optimises settings to deliver the right print time after time
- KODAK Home Centre Software makes photo editing one-touch simple. With features like the new facial retouch option, you can enhance facial features or reduce the appearance of blemishes
- High definition CIS scanner will quickly scan documents or multiple pictures simultaneously and the software will create separate image files automatically
- One-touch colour copy without PC
