Introduction

Understanding this guide

The following sample table provides information on how to read the tables found in this guide:

Supported printers: T630, T630n, T632, T632n, T634, and T634n—*This section identifies the printers supported by this furniture or option.*

Supported scanners: 3100, 3200, and X4500—*This section identifies the scanners supported by this furniture or option.*

Printer configuration	Option	Duplex unit	250-sheet drawers				Optional 500-sheet drawers				Optional 2,000-sheet drawer
			1	2	3	4	1	2	3	4	
A	✓	✓	✓	✓	✓	✓					
B	✓	✓	✓	✓	✓		✓				
C	✓	✓	✓	✓			✓	✓			
D	✓	✓	✓				✓	✓	✓		
E	✓						✓	✓	✓	✓	
F	✓		✓				✓				✓
G	✓	✓									✓

Each row represents a supported maximum configuration. If an option is removed from a particular row, then the information would still indicate an acceptable configuration.

For example, in the printer configuration B, the supported configuration shows that:

- A printer with a duplex unit, one option, three 250-sheet drawers, and one 500-sheet drawer is one of the maximum configurations possible on this particular furniture.

- The configuration is acceptable with the removal of one or more of the options (scanner, duplex unit, 250-sheet drawer, or 500-sheet drawer).

- The configuration is not acceptable with any additional options listed in the chart.

Supported maximum configurations

The following tables provide information about the maximum possible configurations for each printer, option, and furniture stand.

Lexmark C546dtn and X546dtn with desktop or swivel cabinet

Supported printer: C546dtn

Supported MFP: X546dtn

The printers can support one optional tray with *part number 3051710* with this configuration.

Lexmark C73x

Lexmark C73x with caster base:

  - All paper-handling options must be installed below the duplex unit.
- The optional 2,000-sheet drawer must be at the bottom of the stack of drawers.

Printer stand 16N1708

Printer stand 16N1708 with or without scanner shelf 10B1755

Supported printers: C760 and C762

Supported MFP: X762e

Supported scanner: X4500

Printer configuration	MFP option	Duplex unit	Optional 500-sheet drawers		
			1	2	3
A	✓	✓	✓		
B	✓		✓	✓	
C		✓	✓	✓	✓

- If an optional duplex unit is installed, then:
  - The duplex unit must always be installed directly under the printer.
  - All paper-handling options must be installed under the duplex unit.
  - A printer without MFP option can also support a maximum combination of one optional 2,000-sheet drawer and one optional 500-sheet drawer without a printer stand.
  - An optional 500-sheet drawer is required when using a 2,000-sheet drawer and duplex unit configuration.

Printer stand 16N1708 with or without scanner shelf 21J0055

Supported printers: C772 and C782

Supported MFPs: X772e and X782e

Supported scanner: 4600

Printer configuration	MFP option	Duplex unit	Optional 500-sheet drawers		
			1	2	3
A	✓	✓	✓	✓	
B	✓	X	✓	✓	
C	X	✓	✓	✓	✓

- If an optional duplex unit is installed, then:

    – The duplex unit must be directly under the printer for any of the listed configurations.

    – All paper-handling options must be installed under the duplex unit.

- A printer without MFP option can also support a maximum combination of one optional 2,000-sheet drawer and one optional 500-sheet drawer without a printer stand. An optional 500-sheet drawer, as the first option under the duplex unit, is required when using a 2,000-sheet drawer and duplex unit configuration.

Scanner shelf

Use the following shelves to place an MFP option on top of a supported mono printer:

Scanner shelf part number	Supported MFP option	Supported printer
16A0503	X242 X443	T5XX T61X T62X
	3100 3200	T63X
	X630 X632 X632s	
10G1000	X4500	T632 T634
	X632e[*] X634e[*]	
21J0050	4600	T642n T644n
[*] The scanner shelf is already included.		

Notes:

- If an MFP option and scanner shelf are installed, then no output options are allowed in the configuration.
- If an MFP option and scanner shelf are not installed, then all output options are supported.
- Scanner shelves must be attached directly to the printer.
