

Lexmark X200 Series

Lexmark X203n

Lexmark X204n

A convenient multifunction partner
for the desktop!

LEXMARKTM

Print Less. Save More.

Print less? This may seem like a surprising message for a company dedicated solely to printing. But when you consider that businesses spend, on average, up to 6% of their turnover on printing, and that active print management can cut office print costs by up to 30%⁽¹⁾, it makes a lot of sense. Lexmark works hard to ensure every product, solution and service we bring you is designed to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

If you're a busy office worker who wants professional laser quality and performance right on your desktop, then the Lexmark X200 Series is just for you. Reliable and easy to use, these ultra-compact multifunction devices offer big advantages without the big price tag. Enjoy sharp text, rapid copying and intuitive scanning tools for your day-to-day document needs. Saving time, money and the environment is a whole lot easier with the Lexmark X200 Series by your side!

Professional skills at your service

A real model of efficiency, the Lexmark X200 Series offers you the technology you need to work quickly and productively. Scan and copy with ease. Zip through your printouts as fast as 23 ppm. Add a professional touch to your documents with sharp laser-quality text. The Lexmark X200 Series can make a difference!

- Scan documents and email them straight from the device to save time, money and shipping costs
- Print professional letters and memos with sharp 1200 x 1200 dpi print quality
- Load up to 250 sheets in the input drawer and use the single-sheet multipurpose feeder to print on various paper types
- Send faxes quickly and reliably with the fast fax modem** and 30-sheet automatic document feeder**
- Print complex documents easily with PCL 6 and PostScript 3 emulations

** Available on Lexmark X204n

The perfect desktop companion

No need to rush between multiple office machines to get your work done. The Lexmark X200 Series puts printing, scanning, copying and faxing right at your desktop – all in one sleek, compact design. Moreover, these devices fit virtually anywhere, and look great everywhere!

- Ultra-compact design – fits nicely on a desk or shelf
- Modern, stylish look makes this MFP an ideal choice for reception areas and other client-contact environments
- Quiet Mode provides the peace and quiet you need to concentrate on your work
- Eco-Mode reduces power consumption

Pure simplicity at every level

When working is simplified, productivity is enhanced. That's why Lexmark offers a wide range of user-friendly tools to make office tasks easier than ever. Experience exceptional accessibility right out of the box, from hassle-free set-up and intuitive operation to straightforward maintenance.

- Connect via USB or Ethernet – these devices are ready for either out of the box
- Scan and send documents easily to various destinations, including email, with the Lexmark Scan Center software included
- Enjoy PC-free copying and the convenience of standalone fax**
- Install supplies in just seconds thanks to convenient front-loading access

** Available on Lexmark X204n

Lexmark X200 Series

Explore the features that keep you moving!

Scan to email

Save time and paper by scanning documents straight to email.

Copying made easy

Copy easily using the 30-page automatic document feeder** or flatbed glass

** Available on Lexmark X204n

High-quality text

Enhance your important business documents with true 1200 x 1200 dpi print resolution.

Intuitive messaging

The intuitive two-line display guides users through printing and maintenance tasks with ease.

Connect your way

Connect to your PC via the USB port, or spread the benefits to multiple users with built-in network printing.

User-friendly operator panel

Clearly marked function and feature buttons are easy to find.

Integrated paper drawer

Sleek, integrated design – everything fits nicely into a compact footprint!

Easy access

The convenient front-loading design lets you install and replace toner cartridges in just seconds.

Print with total confidence!

Your Printer's Best Friend

How do you make sure your Lexmark printer always gives you outstanding results? By using original Lexmark supplies! Lexmark printers and supplies are designed to perform together as one system, protecting your investment and delivering excellent print quality from first page to last.

Lexmark X200 Series cartridges feature a practical design whereby the toner and photoconductor drum are separate -- an ideal approach for small desktop devices. This enables you to replace your toner without having to throw away the photoconductor. Only replacing the part that needs changing is a better approach for the environment and can help you keep your running costs low.

When it's time to replace your supplies, don't throw them away -- recycle them free of charge through the Lexmark Cartridge Collection Programme. Lexmark practices 'zero landfill' for cartridges, reusing or recycling 100 percent of all returns made through our program.

Lexmark's guarantee to you

At Lexmark, we're always working hard to ensure you achieve maximum productivity and minimum downtime. Our Lexmark X200 Series devices include our solid service guarantee of 1-Year Onsite, with a response time of next business day.

For even greater peace of mind, you can opt for one of our extended-guarantee service offerings. For more information on any of these offerings, just contact your local dealer or visit our website today.

Get exactly the performance you need

Maximum Monthly Duty Cycle

«Maximum Monthly Duty Cycle» is defined as the maximum number of pages a device could deliver in a month. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.

Recommended Monthly Page Volume

«Recommended Monthly Page Volume» is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.
