We make printing easy

LEXMARKTM

Lexmark C522n

Why should only big businesses get all the colour?

Built for small workgroups with everyday colour needs, the Lexmark C522n is network-ready, inexpensive to buy and very easy to use. With its small footprint and attractive new design, it integrates nicely into any business environment!

Simply easier

No headaches. The newly designed operator panel and intuitive navigation buttons provide fast, easy access to each function. Among its many intuitive features, it includes a large 4-line display to coach users through troubleshooting issues with ease.

Business-class quality

Liven up your documents with sharp 4800 Colour Quality and true 1200x1200dpi resolution. Plus, benefit from the most innovative colour technology in the market, including Lexmark's brand new chemical toner and synchronised laser print heads.

Fast and reliable

In fact, the C522n reaches up to 20 ppm whether you're printing in colour or mono with a very fast time to first page in color of 13 seconds. And for greater peace of mind, it comes with Lexmark's on-site repair guarantee of one year.

Colour costs that you control

High quality no longer means high costs. The C522n includes Lexmark's unique ColorCare technology, which gives you a wide scope of features to control costs at every level of your workflow. This includes...

- Colour-access restrictions via user login and password
- Black-and-white lock modes for specific times of day
- Proof-then-print feature to reduce waste
- 3 toner-saver levels to economise toner by up to 50%
- ColourSaver mode to lighten toner use on heavy images
- Coverage estimator shows user cost of job before printing

Model available

C522n - network

Lexmark believes that the environment is a critical component of responsible business management and clearly demonstrates it by implementing the "4R" strategy: Reduce, Recover, Reuse and Recycle. To learn more about these programmes please visit www.lexmark.com/recycle

With our innovative solutions and services, we help you PRINT smarter, MOVE information faster and MANAGE output more efficiently across your enterprise. Ask your local Lexmark representative for more information.
