High quality, easy to use business fax

The stylish OKIFAX 160 delivers professional quality, easy to use faxing for the individual or small office.

Professional faxing.

- Provides a fast, economical approach to faxing, thanks to the 33.6 Kbps Super G3 modem
- 20-sheet automatic document feeder simplifies the transmission of large, multi-page documents
- 6.5MB Flash memory ensures in the event of no paper or toner in the device it will store incoming fax transmissions of up to 400 pages
- Integrated telephone handset as standard
- Offers the convenience of predefined fax forms
- For frequently used contacts, 199 entries and 10 group dials are available at your fingertips

Everything made simple for the user.

- The single cartridge system combines toner and drum for easy consumables replenishment
- Intuitive easy to use LCD operator panel gives clear on-screen instructions
- Alpha keyboard makes number searching quick and easy
- 250-page paper tray ensuring less user intervention and more system uptime

Added value functionality for extra versatility.

- 600dpi resolution for professional high quality output
- Enhanced clarity of documents will assist accuracy and office performance
- High performance 16ppm print speed delivers incoming faxes fast

Fits the needs of the small office.

- Compact, professional design for seamless integration into any small office environment
- Quiet in operation and zero standby noise, so minimising the potential distraction for user
- Delivers reliable performance and outstanding reliability
- Provides total professional support for business fax needs
