

The OKIFAX 2510 The professional fax system

This dedicated fax system will suit any office environment that demands high performance faxing with an occasional need for copying. The OKIFAX 2510 is fast, reliable, easy to operate and economical to run – making it perfect for business.

Professional fax performance.

- Provides a fast, economical approach to faxing, thanks to the 33.6 Kbps Super G3 modem
- 50-sheet automatic document feeder simplifies the transmission of large, multi-page documents
- 2MB fax memory prevents the loss of important information in the event of a power failure

Simple to operate. Easy to change consumables.

- Everything is designed for simplicity. The single cartridge system combines toner and drum for easy consumables replenishment
- Intuitive LCD operator panel gives clear on-screen instructions to guide users
- 250-page paper tray – the extra capacity ensuring less user intervention and more system uptime

Built to handle the most demanding environment.

- Offers reliable performance, like every one of our business systems
- Provides total professional support for business fax needs

Designed to fit the needs of the small office.

- Compact and sleek – designed for the small office/home office
- Quiet in operation and 0dBA standby noise, so not a distraction for staff
