

Print, scan, copy - use it your way

Choose a flexible multifunction product that fits around the way you work. With its powerful functionality and document management solution users choose exactly how to output and share their documents. The C3520 MFP is reliable, easy to use and offers true multifunctionality. Exceptionally fast printing times up to 12/16 pages per minute (ppm) and an affordable price make the C3520 MFP the best business choice for small workgroups and single office users.

Fast, uncompromising print quality.

The C3520 MFP prints and copies up to four times faster than the competition. There is no compromise on print quality, thanks to the combination of ProQ2400 Multi-level technology and unique microfine High Definition Toner.

The C3520 MFP improves productivity and enhances creativity.

The C3520 MFP is incredibly user-friendly. It is network-ready straight out of the box and has a unique operator panel which is very easy to use. It also comprises several useful utilities, such as the OKI Hotkey Utility which enables scans to be pulled to the PC or pushed from the MFP. Web Print saves time and paper when printing web pages without cutting off important

information and Ask OKI provides dedicated online support via the printer driver.

The dependable C3520 MFP keeps the work flowing.

Being a true, purpose-designed MFP, there is no compromise in any area. The C3520 MFP boasts a robust duty cycle of up to 35,000 pages per month, so can be relied upon to handle large daily print volumes. The single-pass technology offers smoother paper handling, higher speeds and greater reliability thanks to a straight paper path and fewer moving parts, which keeps the work flowing.

The C3520 MFP does more, so users can do more.

With its small footprint, the compact C3520 MFP fits easily into more spaces. Its all-round media versatility means businesses can produce more professional-looking documents in-house.

Create high quality colour and a better impression.

The combination of ProQ2400 Multi-level technology and microfine High Definition Toner gives more print detail, greater colour depth, reduced grain and a high gloss finish. Auto Color Balance ensures colour consistency throughout the life of the printer and truly professional

results can be obtained even on ordinary office paper, thanks to Photo Enhance, to create the right business impression.

Simple ways to control your investment.

Thanks to powerful software, network administrators can easily install the MFP then manage and control costs across the network easily.

Direct network scanning.

With the C3520 MFP, it is possible to scan directly to the network without the need for additional software or a locally attached PC. Simply scan straight to the selected location, which may be an email address, shared directory on the network or an FTP site.

Consumables Information: For the protection of your printer, and in order to ensure that you benefit from its full functionality, this model has been designed to operate only with genuine OKI Printing Solutions toner cartridges. These can be identified by the OKI trademark. Any other toner cartridge may not operate at all, even if it is described as "compatible", and if it does work, your printer's performance and print quality may be degraded.
