

MC361dn Specifications

Boost your business productivity with highly versatile multifunctional features

The MC361 A4 desktop colour multifunction product (MFP) brings professional, high quality colour printing, scanning, copying and faxing right to the heart of your business.

The impressive speeds, combined with an intuitive easy-to-use control panel bring a new level of professional document output to busy workgroups, providing a whole office of equipment in a single, reliable, compact and ergonomic device.

Enhanced document throughput and quality

The MC361 has been designed to perform. With fast print and fax speeds and the capability to copy double-sided documents quickly and simply, the MC361 maximises office productivity. ProQ2400 technology gives you consistent colour output while the ability to print on a wide range of media allows you to create a compelling marketing material in-house.

- Advanced digital LED technology for sharper, clearer quality
- Scanning/copying/faxing double-sided documents is quick and easy using the 50-sheet RADF
- Print speeds of up to 24ppm and rapid first page to print of 8.5 seconds
- Send and receive fax documents at high speed with Super G3 capability
- ProQ2400 multi-level output quality, up to 1200 x 600dpi print resolution
- Flexible media handling: from A6 to 1200mm banners; card stock up to 220gsm

Outstanding features for improved ease-of-use

The MC361 has many outstanding features to improve user experience in your workplace by providing convenient and time saving functions.

- Easy to use operator panel with user adjustable graphical display
- Print directly from/or scan to USB stick via front USB port
- Simple scanning to email, network PC or USB, saves time
- Ergonomic design, saving space and bringing document handling closer to the workgroup

Providing energy savings across your business

The integration of several office devices into one MFP reduces energy consumption, as well as capital outlay and on-going costs. Unique, built-in energy saving features will help cut your carbon footprint.

- ECO mode automatically adjusts energy consumption, saving costs and conserving resources
- Deep Sleep mode saves you money by reducing energy consumption to less than 1.5W
- Duplex printing, scanning and copying reduces paper and energy usage

Control and document management

The MC361 comes with a set of in-the-box software utilities providing even more added value. These can help you control your print usage, user access rights, streamline your document handling and assist with file sharing or archiving.

- Nuance PaperPort converts hardcopy into digital content
- Nuance OmniPage converts documents into editable electronic files
- Colour Access Policy Manager (CAPM) software to control and monitor user access rights
- PrintSuperVision software lets you track usage and monitor your printers centrally
- Print Control allows simple management of usage and costs

Technology that you can rely upon

The MC361 is built on tried and tested digital LED technology that has delivered reliable and high quality printing for over 20 years.

- Compact and robust design with a 45,000 page duty cycle
- 3-year on-site warranty protects your investment
