

Ultimate cost-effective colour

Simply cost-efficient

Some colour printers have everything going for them. Fast, productive, economic and affordable: the Aficio™GX e2600 is all that and more. This new GelSprinter™ features Ricoh's unique ECOmomy Color mode, offering the benefits of colour at low cost. A perfect fit for small offices and personal use.

- High productivity: up to 29 ppm.
- Low Total Cost of Ownership.
- High quality on plain paper.
- ECOmomy Color at almost B/W cost.
- Easy to use.

Great benefits for small offices

HIGH PRODUCTIVITY

You want colour prints and you want them fast. A GelSprinter™ never keeps you waiting. The GX e2600 warms up in no time at all. You have your first colour print in seven seconds and your first B/W page in six.

ECONOMY COLOR

With the GX e2600, colour documents cost barely more than monochrome. In ECOmomy Color mode the printer distinguishes between text and image. Text is printed in solid black; the thickness of images and graphics is reduced by half. You will get the perfect business document: perfectly legible, communicative with colour, all at low cost.

LOW TCO

- Save on paper costs: get great results on plain paper.
- Save on energy costs: energy consumption is low.
- Save on consumable costs: low overall consumable cost.

ENVIRONMENTALLY-FRIENDLY COLOURS

Control your carbon footprint and choose a printer that is kind to the environment. The GX e2600 consumes minimal energy and its operation is clean and quiet. Parts of the hardware are manufactured from plant-based plastic. That is how Ricoh sets new benchmarks in environmental friendliness.

EXCELLENT QUALITY

Ricoh's unique Liquid Gel™ produces vibrant, fast-setting colour images. Even on regular plain paper, the results are crisp and sharp. The transfer belt system feeds and positions paper with pinpoint accuracy for optimum results. Your prints are smudge-free, waterproof and resistant to the effects of sunlight.

ALL-ROUND USER-FRIENDLINESS

- Get a better view by tilting the operation panel.
- Replace cartridges easily thanks to full front operation.
- Keep track of machine use with the help of a counter.

GENERAL

Print speed:	Full colour: 29 prints per minute ¹ B/W: 29 prints per minute ¹
ISO speed:	Full colour: 11.7 prints per minute ² B/W: 12 prints per minute ²
Warm-up time:	Less than 35 seconds
First print speed:	Full colour: 7.5 seconds B/W: Less than 6 seconds
Dimensions (W x D x H):	420 x 485 x 259 mm
Weight:	14 kg
Power source:	220 - 240 V, 50/60 Hz
Power consumption:	Print mode: Less than 36 W Energy saver mode: Less than 2 W
Duty cycle:	Up to 10,000 pages per month

CONTROLLER

Printer resolution:	Up to 3,600 x 1,200 dpi (equivalent)
Memory:	16 MB
Driver:	RPCS™ raster

CONNECTIVITY

Supported environments:	Windows® 2000/XP/Vista/7/Server 2003/ Server 2008 Macintosh OS X (Power PC) 10.3 - 10.6 Macintosh OS X (Intel) 10.4.5 - 10.6
Interface:	Standard: USB 1.1/2.0
