SAMSUNG

imagine the benefits of high performance printing

Samsung ML-2855ND is designed with your business in mind and to keep you going. It features the highest monthly duty cycle in its class, with the toner save function and a large paper capacity.

With all the printers and multi-function printers on the market, why choose Samsung?

Samsung is a world renowned global company that regularly wins awards for reliability, design and innovative technology. It has the widest range of technologies and products, making it an expert in digital convergence. In the printing industry, Samsung is the fastest growing company, topping sales for many models.

Samsung has earned its reputation with award winning excellence, based on performance, eco-friendliness and design innovation and for providing businesses with network and security solutions. Samsung products are reliable and deliver a high monthly duty cycle, keeping business productivity steady. In addition, they are reliable with low toner failure, and produce high quality prints.

Samsung has acquired global recognition and certification for being environmentally responsible, in terms of production, post-consumer recycling and creating pollution-free work environments.

ML-2855ND

ML-2855ND

All round optimised simplicity

Advanced design that redefines the modern office

Samsung's ML-2855ND can be placed where it is convenient for you, on your desk or at the corner of your office, and its stylish design won't need to be hidden. The world's smallest laser printer with built-in double sided printing and network printing as standard. Visualize all the places this compact laser could fit into your business. And imagine how the trendy stylish design will update your environment.

Reliable performer that enhances business production

How much could you accomplish with a high performance laser printer that is fast and reliable? With 400 MHz processor and printing speed of 28 ppm (A4), printing production won't slow down, even with large print jobs. And the optional second cassette tray will eliminate the need for constant paper monitoring.

Best of all, Samsung's ML-2855ND has a superior monthly duty cycle of 50,000 pages a month. With these reliable features, your business will accomplish more than you ever thought.

- **Duplex Printing**

Enhance your efficiency with one-touch duplex feature that comes standard with the ML-2855ND. Double sided printing will save paper, save cost and in short help the environment. Allowing for convenient storage and portability.

- **N-up Printing**

Create multiple copies of the same page or photo onto one page. No need to cut and paste or print multiple times. N-up printing feature creates up to 16 images on one page and produces just the size you need.

- **Booklet Printing**

The ML-2855ND can handle booklet creation easily and efficiently.

- **Poster Printing**

Create large sized posters with the 'Poster' printing feature. Start with any size image and create proportional posters of any size. Print out is printed on many pages to create a seamless poster.

- **SyncThru™ Web Admin Service**

SyncThru™ Web Admin Service is a web-based fleet management tool for configuring printers, checking device status, performing remote diagnostics, receiving alerts when possible problems occur, and changing settings without leaving your desk.

Economical laser that is also easy to use

Samsung's ML-2855ND is design with simplicity in mind with a new LCD and compass navigation that indicates the job in progress and a easy to use simple user interface that anyone can master.

Duplex printing is just as simple to use, saving you time and paper. The savings don't stop there. This laser printer is very economical to operate and has a low cost per page. Ultimately, the Samsung's ML-2855ND saves your business both time and money and helps the environment.

- **SyncThru™ Web Service**

Increase productivity with SyncThru™ Web Service. This user-friendly printer configuration tool requires no installation in the form of embedded web server that can be accessed by web-browser. It provides administrators with the ability to change network and individual printer settings, upgrade firmware and view network printer status.

- **Wired Network Printing**

ML-2855ND offers network printing capabilities to easily connect your workplace, including an Ethernet interface capable of being cabled directly into your network.

Compact proves all powerful performance

Specifications

• 28 pages per minute print speed • 1200 x 1200dpi effective output • Built-in duplex • 250 sheet cassette • 50 sheet Multi Purpose tray • 400MHz processor • 64MB memory (Max. 192MB) • Standard hi-speed USB 2.0 interface • Ethernet 10/100 Base TX • Toner Save Mode • Space Saving

Consumables: • MLT-D2092L (Black toner, 5K) • MLT-D2092S (Black toner, 2K)

Options: • 250 sheet cassette tray • 128MB memory CLP-MEM301

N: Network ready; D: Duplex

28 Pages Per Minute Mono Print Speed

Laser engine delivers pages at a consistent, high speed for productive, frustration-free printing.

1200dpi Print Resolution

Fine laser print resolution adds clarity and detail to printed documents for the most professional output.

250 Sheet Capacity Tray

Large paper capacity removes need to constantly add more paper and allows uninterrupted printing of large print jobs.

64MB RAM

Printer memory speeds processing of print jobs, freeing both the printer and your computer for other tasks.

Network Ready

Allows one device to be shared by multiple users on a network. Future-proofed to meet your changing needs.

Duplex Function

Automatic double-sided printing reduces paper consumption and hard copy filling needs.

50k Page Max. Monthly Volume

Printer built to handle the heaviest workloads for trouble-free operation month-in and month-out.
