SAMSUNG

imagine a multi-function printer that can handle any job you send it

The SCX-4300 will become the command centre for your home or business, quickly and efficiently printing, scanning, and copying everything you need. Best of all, this well designed printer is compact enough to fit anywhere and look attractive in its environment. With the Samsung SCX-4300, it's not that hard to imagine.

A 3-in-one for everyone

A convenient center that does it all

The SCX-4300 can handle every task

Easy to decorate your desk

At a time when most technology is getting smaller, shouldn't your laser printer take up less space? Introducing Samsung SCX-4300, the smallest mono laser MFD. Now enjoy high speed copying, scanning and printing right from your desk without sacrificing any space. This MFD is easy to place and easy to use.

High speed that fits right on your desk

Combine all your needs into one compact package that prints, scans and copies but still fits right on your desk. This attractive multi-function printer is sized at only 409mm x 362mm x 232mm which takes up less space than most laser or inkjet printers. You won't believe the speeds. With hi-speed USB 2.0 connectivity, the SCX-4300 prints 18ppm in A4 and 19ppm in letter. The copying is just as fast; 18 copies per minute in A4, 19 copies per minute in letter. You will love the convenience of high speed laser at home and at office.

Easy to keep maintenance

Pop-up message in system tray:

The SCX-4300 comes equipped with the Smart Panel program that continuously monitors the status of the printer so that you don't need to. The Smart Panel icon appears in the system tray if an error occurs. Double click on the Smart Panel icon to show the menu which includes: toner level, buy now, troubleshooting guide, printer setting and driver setting.

User convenience is the first priority

Easy to Use digital copy features

Samsung easy one button features allow you to customize your print outs by using the printer instead of complicated software commands to get what you want when you print documents and photos.

Bonus Feature

ID card copy (2-side-in-1 copy)

The ID Card Copy feature is Samsung's exclusive function that allows copying of both sides of an ID card or small document onto one sheet of paper. Just copy the front of the card into the memory, copy the back of the card, and print out on paper. You won't have any alignment problems or have to feed the paper back into the printer. The ID Card Copy feature is hassle free. School IDs, insurance cards, whatever you need, you will be ready.

SmarThru™4

SmarThru™4 document handling software will let you edit scanned images, save them in various formats, and set up copy/print formats - one click at a time.
