Samsung introduces the smallest and lightest color laser printers in their class, the new CLP-300 and network-ready CLP-300N. These stylish two-tone printers deliver beautiful color at 4 ppm and sharp laser text at 17 ppm, along with the dependability Samsung is known for. The same exclusive NO NOIS™ print engine you'll find in our most expensive color printers gives you quiet operation and simple toner changes. Getting up and running is easy, too, with as few as four clicks of the mouse. The CLP-300 and CLP-300N color laser printers. Small and light. With the big color you're looking for.
