

- Lab-quality prints using thermal dye transfer technology
- Protective coating makes prints waterproof and fingerprint-proof
- Fast 60-second print speeds
- PictBridge technology for quick and easy printing without a computer
- Optional Bluetooth wireless printing
- Windows and Mac compatible

Surround yourself with beautiful views. Smiling faces. And timeless moments. The Samsung SPP-2020 photo printer makes it easy to turn a favorite digital image into a lab-quality 4" x 6" photograph in just 60 seconds, using sophisticated thermal dye transfer technology. And you can print those beautiful, true-to-life images from your PC or Macintosh computer via fast USB 2.0, or directly from any PictBridge-enabled digital camera.
