CONFIGURATIONS	6250B	6250N	6250DP	6250DT	6250DX
<b>Performance</b>					
Print speed	24 ppm in Full Colour / 24 ppm Black				
First page out	less than 12 seconds in full colour				
Memory (Std / Max)	128 / 512 MB RAM	256 / 512 MB RAM		512 / 512 MB RAM	
Processor	700-MHz PowerPC processor, Adobe PostScript 3 – 137 fonts, PCL5c – 81 fonts				
Internal hard drive	Optional (after N upgrade)	Optional			Standard (20 GB min)
Maximum duty cycle	Up to 100,000 pages/month				
<b>Print Quality</b>					
Maximum resolution	2400 dpi, 600 dpi	Photo Mode, 2400 dpi, 600 dpi			
<b>Networking</b>					
Network connectivity	Parallel, USB 2.0		10/100BaseTX Ethernet, Parallel, USB 2.0		
<b>Paper Handling</b>					
Automatic 2-sided printing	Optional		Standard		
Paper input capability	500-sheet standard tray, 100-sheet multi-purpose tray				
Standard				Additional 500-sheet feeder	1000-sheet High-Capacity feeder
<b>Productivity</b>					
Standard features	Run black, Custom size pages, Phaser Installer, Intelligent Ready, Job Pipelining				
	Embedded Web Server, Remote printing, E-mail alerts, Enhanced PrintingScout, PhaserSMART, Job Accounting, Usage Analysis Tool, Booklet Printing, Smart Trays, Banner-size printing				Proof/Secure/Saved print, PDF-direct, Extended font storage
<b>Warranty</b>	One year on-site				

**Network/Software**

**Printer management** Xerox CentreWare Printer Management for Microsoft, Novell and Unix, CentreWare IS Embedded Web Server, CentreWare Web Administrator, Xerox NDPS Gateway, Usage Analysis Tool (not available on non-networked model)

**Font capabilities** 137 Resident PS fonts and 81 PCL

**Printer drivers** Windows 95/98/Me, Windows NT 4.x, Windows 2000/XP, Windows Server 2003, MacOS 9/X versions 10.1 and 10.2, Novell NetWare 4.x/5.x/6.x, UNIX (Linux 5.2+, Sun OS 4.x Sun Solaris 2.4+, DEC, HP/UX 11.x, IBM AIX 4.2+, SGI, SCO), Xerox Walk-Up Printing Driver

**Languages** True Adobe® PostScript® 3™, PCL 5c emulation with automatic sensing and switching

**Paper handling**

**Tray 1 (MPT):** (standard) papers up to 216 gsm, coated, glossy, Phaser Digital Photo Paper, labels, envelopes, business cards, greeting cards, CD/DVD label/inserts, Phaser 25-Series Transparency Film. *Media sizes:* A4, A5, A6, B5 JIS, ISO B5, A/Letter, Legal, Executive, Statement, US Folio, and Custom\* [size range: 89–216 mm x 140–900 mm]. \*Not B model.

**Tray 2: 500-sheet Tray** (standard) 64–130 gsm bond and heavy plain papers, glossy coated paper, labels, Phaser 25-Series Premium Transparency Film

**Tray 3: 500-sheet Feeder** (standard on DT)

64–130 gsm Bond and heavy papers, glossy coated paper. *Media sizes:* A/Letter, Legal, Executive, US Folio, A4, B5 JIS.

**Tray 3-4: 1000-sheet Feeder** (standard on DX) same media weight and sizes as Tray 3 (above) *Automatic 2-sided printing:* 75–163 gsm

**Special features**

**Enhanced PrintingScout** instantly displays pop-up Help if attention is needed throughout print job.

**Phaser Installer** automatically gets you printing in seconds.

**PhaserSMART** trouble-shoots via an automated internet-based support system.

**Productivity tools:** Secure Print®, Proof Print®, Saved Print®, Booklet printing, Negative and mirror images, Scaling, Watermarks, Custom size paper, Run black, Cover pages, Collation printing®, Remote printing, Separation pages, N-Up printing, PDF-direct printing®, Saved Job Repository, MailLinX E-mail Alerts, Job Completion Notification (\*Requires hard drive)

**Colour controls**

**Colour standards** PANTONE®-approved solid-colour simulations, Adobe PostScript device-independent colour, CIE international colour standards, and support for ICC and Apple® ColorSync® colour management systems

**Print quality modes:** Photo mode; Enhanced mode: 2400 dpi; Draft mode: 600 dpi

**Colour correction modes:** Automatic, sRGB Display, sRGB Vivid, None, SWOP Press, Euroscale Press, Commercial Press, SNAP Press, Black and White, Use Printer Front Panel Setting

**Operating**

**Dimensions** width: 439 mm, height: 445 mm, depth: 590 mm, weight: 36 kg

**Environment** Temperature: Storage: -20° to 50° C, Operating: 10° to 32° C. Relative Humidity: Storage: 10% to 95%, Operating: 10% to 85%. Noise Level: 5.3 B standby, 7.0 B running.

**Electrical** Model: 110–127 VAC, 50/60 Hz, Model: 220–240 VAC, 50/60 Hz, Consumption: Printing: 400 Watts, Standby: 100 Watts, Power Saver: 25 Watts, ENERGY STAR® qualified printer.

**Regulatory** FCC Part 15, Subpart B. Listed to UL 60950/CSA-C22.2 No. 60950-00, CE Mark applicable to directives 73/23/EEC and 89/336/EEC, Class 1 Laser Product, EN 55022

**Phaser Colour Printing Media**

<b>Phaser Premium Colour Printing Paper</b> 500 sheets, 90 gsm bond A4 (210 x 297 mm)	016136900
<b>Phaser Premium Cover Paper</b> 100 sheets, 160 gsm cover A4 (210 x 297 mm)	016182400
<b>Phaser Glossy Coated Paper</b> 100 sheets, 148 gsm text A4 (210 x 297 mm)	016170500

# Phaser 6250

## Colour Laser Printer

An advanced laser printer that can keep up with the nonstop pace of your office – with fast speed, accurate colour and efficient tools that make printing easier than ever.

### Fast printing...

Your office will notice the speed and power advantage immediately. Even with heavy network traffic and complex print jobs in the queue, you get your output fast.

- Print **24 ppm** high-resolution full colour and get crisp black and white at the same rapid speed.
- The performance driven **700 MHz** PowerPC processor speeds through more print jobs in less time. Up to **512 MB** RAM and an available hard drive add even more productivity.
- In less than **12 seconds** your first page is in the output tray waiting for you.
- With instant wake-up, the Phaser 6250 comes out of power-saving mode in seconds, ready to print.
- It is just as effective as both a black and white and a colour printer. The Phaser 6250 can continue to print in black and white when a colour toner is empty.

### ...with outstanding image quality

Your printed output has never looked better. Precise laser quality makes every element on your page communicate with depth and richness.

- Print brilliant, precise **2400 dpi** colour on every model right "out of the box." Incredibly rich, image-enhancing Photo mode (at 24 ppm) and economical Toner-saving mode give you more print options.
- True Adobe® PostScript® 3™ and colour that is optimised for the most common office uses deliver the results you expect the first time, every time.
- The fine-tuned single-pass print system improves registration, while automatic calibration keeps colour pure and consistent over long print runs.

Technology for the way you work.

### Easy for the user...

You don't have to learn how to use the printer. We've designed it to be easy and intuitive. It even features technology that learns *your* printing behaviour.

- Printer installation has never been easier. In fact, it is just a one-click process.
- Status bars on the front panel let you monitor the toner levels. And when the toners need replacement, simply open the easy-access compartment at the top of the printer.
- You don't have to check on the printer or what paper is loaded in the trays. The dynamic driver interface provides real time printer status, automatically selects the correct tray, and even "learns" office application settings.
- You are alerted immediately with a pop-up message on your monitor if any issues arise during your print job. A step-by-step solution appears too.

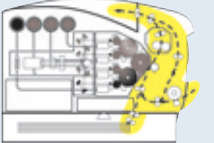

### ...advanced for network administrators

We've given your system administrator plenty of tools to reduce costs and ensure that printing is running smoothly throughout the enterprise.

- Xerox CentreWare® software provides quick access to a wealth of features, including printer and job status, in-depth accounting information, email alerts, simplified printer installation and network administration.
- Web pages built into the printer (CentreWare IS Embedded Web Server), allow you to manage, configure and troubleshoot printers from anywhere using a web browser.
- The intelligent Phaser 6250 printer can even troubleshoot on its own. It has onboard PhaserSMART®, a unique Internet-based automated support tool. It's like a built-in Help Desk.

### Robust and reliable

- The robust duty cycle of up to 100,000 pages per month means the Phaser 6250 printer can be used for in-house production as either a standalone or networked printer.
- Flawless paper handling is a fine-tuned science at Xerox. You'll see the difference with the printer's streamlined paper path and new dual pick mechanism for optimum reliability.
- Your investment is backed by world-class service and support and a one year on-site warranty.

### Flexible paper handling

- ① Use Tray 1 (MPT) for heavy paper up to 216 gsm, envelopes, labels, business cards and other specialty media (up to 100 sheets).
- ② Tray 2: 500-sheet paper tray (standard) feeds 64–130 gsm paper and transparencies.
- ③ A high-capacity feeder (standard on the DX configuration) adds 1000 sheets of input capacity for a total of 1600 sheets.

An additional 500-sheet paper feeder is available (standard on the DT configuration).

Money-saving and fast automatic duplex option for two-sided printing (standard on DP, DT, DX configurations).
