Compact 4-in-1 wireless inkjet printer

The compact but powerful MFC-J1300DW provides print, copy, scan and fax functionality. Additionally, it offers wireless and mobile compatibility with an automatic document feeder (ADF), making it a great addition to offices with limited space, but unlimited ambitions.

MFC-J1300DW

Key features:

- In-box inks: BK: 6,000 pages. C/M/Y: 5,000 pages*
- Wired and wireless connectivity
- Mobile connectivity
- Near Field Communication (NFC)
- 20 sheet automatic document feeder
- Automatic 2-sided printing
- 150 sheet paper tray
- Prints 12 images per minute (ipm)
- 6.8cm LCD touchscreen.

3 years' worth of ink in the box*

As with other Brother inkjet printers, you will receive four in-box ink cartridges. However, with the MFC-J1300DW's high yield in-box inks (black, cyan, magenta and yellow) you won't need to buy new ink for the first 3 years of ownership*. Not only that, our machines come with a 3 year warranty for complete peace of mind.

Connect your business quickly and easily

Not only does the MFC-J1300DW look great, it offers a range of connectivity options to make printing as easy as possible. You can connect via wireless or Wired LAN, which allows you to set up and share across multiple users/devices effortlessly. Coupled with mobile compatibility and NFC, printing on-the-go has never been easier.

Environmentally-friendly and simple to use

The MFC-J1300DW helps you do your bit for the environment with automatic 2-sided printing – not to mention saving paper and therefore money. Additionally, with the 20 sheet ADF you can load your document and leave it to copy or scan while you complete other tasks around the office.

*Print yield is based on average monthly print volumes of approximately 200 pages at 60% black pages / 40% colour pages in accordance with ISO/IEC 24711 using 4 cartridges provided in-box.
