

# EcoTank L355

## DATASHEET

The L355 is a wireless all-in-one with integrated ink system, ideal for busy homes looking to cut their printing costs. Thanks to the integrated high-capacity ink tanks, ink is supplied continuously to the printer, so there are no cartridges to replace; you simply top up the tanks with Epson ink bottles and keep on printing.

### Say goodbye to cartridges with Epson EcoTank

The L355 offers a ultra low-cost per page for both black and colour printing. It comes with around two years' worth of ink<sup>1</sup> in the box, that's enough ink to print up to a massive 4,000 pages in black and 6,500 pages in colour<sup>2</sup>, without needing to change an ink cartridge.

### Easy to use

The purpose-built ink tank is fully integrated into the printer, so you can enjoy reliable colour printing without mess or hassle. The L355 is easy to set-up and use: simply fill with the ink supplied, turn the printer on and prime the ink system. Now the L355 is ready to print. Additional ink can be bought in convenient high-volume bottles that have a drip-free nozzle and resealable cap for easy storage.

### Stay connected

Wi-Fi connectivity makes it easy to position and use your printer around the home or office. Epson iPrint<sup>3</sup> allows you to print wirelessly from smartphones and tablets anywhere. The L355's small footprint makes it easy to position around the home, and its scan and copy functionality means you can accomplish a variety of tasks at home.

### Reliable

With Micro Piezo printhead technology and Epson genuine ink, the L355 delivers Epson quality, plus the 12 month (or 30,000 page) warranty and service support, provides peace of mind and help if you need it.
