

Perfection V370 Photo

High-resolution, superior-quality A4 photo scanner with built-in transparency unit for easy scanning of slides, films and negatives.

Get superior-quality, A4 photo scanning with the Epson Perfection V370 Photo, which features a built-in transparency unit for easy scanning of slides, film and negatives. Thanks to the scanner's high optical resolution of 4,800dpi and CCD (charged-coupled device) technology, you can be confident that every detail will be faithfully captured with exceptional clarity.

Epson ReadyScan LED technology delivers scans instantly with virtually no warm-up time, and is very power-efficient, helping to reduce your energy bills and impact on the environment.

Scanning bulky books or 3D objects is no problem, as the Perfection V370 Photo's lid has an extendable hinge that can open up to 180 degrees. Even if parts of the book or object being scanned are not in contact with the scanner's glass, they will still be in focus and captured accurately. This is because Epson's CCD image sensor technology offers a greater depth of field than the CIS (contact image sensor) technology used in most comparable scanners.

Simple to use, the Perfection V370 Photo's enables you to conveniently scan to email at the touch of a button, or scan to multi-page, searchable PDF. Other useful photo and document editing features are available using the included software: Epson Easy Photo Fix makes it easy to bring your originals back to life by restoring faded colour, removing the appearance of dust and scratches and adjusting backlight; Optical Character Recognition (OCR) allows you to copy, paste and edit text from scanned documents; and Epson Document Capture enables direct scanning to cloud storage services, so you can access your scans from any computer or mobile device.

DATASHEET

KEY FEATURES

- **High resolution**
4,800dpi for superior quality
- **Transparency unit**
Scan slides, film and negatives
- **Flexible**
Scan bulky books and 3D objects
- **Convenient**
Scan to email or cloud storage
- **No warm-up time**
Saves power and money

PRODUCT SPECIFICATIONS

GENERAL

Sound Power	Operation: 6 B (A)
Supply Voltage	AC 200 V - 240 V, 50 Hz - 60 Hz
Product dimensions	280 x 430 x 67 mm (Width x Depth x Height)
Product weight	2.8 kg

TECHNOLOGY

Scanner type	Flatbed Scanner
Scanning Resolution	4,800 dpi (Horizontal x Vertical)
Optical Resolution	Main 4,800 dpi x Sub 9,600 dpi
Optical Density	3.2 Dmax
Colour Depth	Input: 48 Bits Color , Output: 48 Bits Color

SCANNER

Optical Sensor	Matrix CCD
Light Source	ReadyScan LED technology
Scanning Method	Fixed documents and moving carriage
Output Resolution	50~6400 (1 dpi step), 9600, 12800 dpi

SCANNING FEATURES

Features	RGB colour dropout / enhance, Automatic area segmentation, RGB colour enhance, Text enhancement, Unsharp Mask (USM)
----------	---

CONNECTIVITY

Interfaces	USB 2.0 Type B
------------	----------------

OTHER

Warranty	12 months Carry in Optional warranty extension available
----------	---

LOGISTICS INFORMATION

SKU	B11B207311
EAN code	8715946522364
Dimensions Single Carton	250 x 400 x 290 mm
Carton Weight	38.2 Kg
Multiple Order Quantity	1 Units
Pallet Size Euro	60 Units
Pallet Size Block	80 Units

Perfection V370 Photo

WHAT'S IN THE BOX

- Warranty document
- User manual
- USB cable
- Software (CD)
- Main unit
- AC Adaptor
