# WorkForce AL-C300N

With fast print speeds, this colour laser is ideak for small and medium workgroups wanting low-cost and high-quality results. With gigabit Ethernet connectivity and both PCL6 and PostScript 3 emulations, it offers easy business integration. High-yield toner packs also help to keep the cost of printing low, and double-packs of black toner are available for even better cost savings.

### Fast, high-quality and low-cost printing
The AL-C300N delivers ISO print speeds of up to 31ppm, in both mono and colour[1]. Prints are delivered at 1200 x 1200 dpi for high-quality results, and 1GB of RAM as standard saves time on repeated print jobs.

### Easy to use and energy efficient
Its LCD screen makes it easy to control advanced functions. A high toner yield of up to 7,300 pages in black and 8,800 pages in colour[2] not only makes your supplies go further, but it also means less time is wasted changing supplies. A double pack of black toner is also available. Not only is the AL-C300N ENERGY STAR-qualified, it also has a very low power used of 1.3W when in deep sleep mode.

### High durability
It has a duty cycle of up to 120,000 pages[3], so businesses can be confident that their investment in the Epson range is a sound one.

### Advanced connectivity, integration and security
PDL printer emulations including PCL6, PostScript 3 and PDF 1.7, along with the advanced IPv6 protocol and gigabit Ethernet support, make this printer ideal for business environments. Advanced IPSec and SSL support help improve security when printing sensitive materials, and print securely and confidentially with Email Print for Enterprise compatiblity[4].
