Epson
WorkForce Pro WP-M4595 DNF

The Epson WorkForce Pro WP-M4595 DNF is ideal for businesses that print more than 1,500 pages or consume over three reams of paper per month. This 4-in-1 offers a low Total Cost of Ownership (TCO), thanks to a 50 percent lower CPP[*1], and 80 percent lower energy consumption compared to laser printers[*1].

Offering a cleaner, more environmentally-friendly alternative to monochrome laser printers, this model is part of the market's first professional monochrome inkjet range developed for the office. Printing up to 10,000 pages in a single cartridge[*2], this printer boasts a high yield and is low maintenance, helping to reduce the number of cartridge replacements needed.

Ink cartridges and the waste ink pad are the only consumables that need replacing in the printer – freeing up storage space previously taken up by laser toners, fusers and photoconductors.

The Epson WorkForce Pro WP-M4595 DNF offers automatic double-sided print, copy, colour scan and fax functions. Businesses get top-quality mono prints that are water, smudge, highlighter and fade resistant, as they dry instantly. With a large paper capacity of 330 pages - split between 250 pages in the front paper tray and 80 pages in the rear paper tray - users are able to concentrate on their work rather than refilling paper trays.

For easy integration into complex IT environments, the WP-M4595 DNF features a universal driver as well as PCL6, PCL5c and genuine Adobe® PostScript® 3™ emulations. Compatible with Epson's mobile printing app, Epson iPrint, documents can be printed wirelessly from smartphones and tablet PCs within the office.
