

Kodak S3000 Max Series Scanners

# MAXimize your digital transformation

## Accuracy, productivity, and security simplified and elevated

To optimize and protect your business processes, your digital data needs to be accurate, secure, and easily accessible. **Kodak S3000 Max Series Scanners** are here to elevate these must-haves and deliver production-level volumes with the simplicity and compact size of desktop units. Make the absolute most of your information: faster and more reliably.

## Unsurpassed image quality streamlines your processes

- Capture the sharpest images to extract the most accurate data for applications via OCR, searchable PDF, and barcode reading
- Be ready for the demands of business automation with RPA-optimized files
- Eliminate background noise and transform less-than-ideal originals into sharp images with built-in Perfect Page technology
- Streak removal, background smoothing, image edge fill, and more automatic image enhancements
- Add a custom string of text on your documents via the built-in digital stamping feature or optional imprinter accessory

## Superior paper protection and security

- Advanced Intelligent Document Protection (IDP) and multi-feed detectors catch and alert you to paper feeding problems to ensure all your documents are scanned without damage or skipped pages
- Straight-through or U-turn paper path with adjustable feeder pressure for streamlined, safe document handling
- Feed a wide array of paper sizes, shapes, and weights in any batch faster with capture speeds up to 140 ppm
- Large 500-sheet feeder and output tray, plus controlled exit stacking to speed post-scan processing
- Secure-boot solution, encryption over wire for network traffic, and USB 3.2 with Gen 1x1-compatible
