

Lexmark CS317dn

CS317dn

Take your business to the next level with stunning colour

This entry-level, professional colour printer, with PANTONE® calibration, ensures accurate colour that helps take your business to the next level. The CS317dn delivers up to 23 printed pages per minute from a compact and affordable device that includes advanced security, networking, a 2-line LCD display and mobile print capability.*

Brilliant, accurate colour

Lexmark's colour-matching tools and PANTONE calibration produce stunning colour pages at up to 23 pages per minute, so you can save time and money by printing colour images and documents in-house. Thanks to a dual-core processor and 256MB of memory (upgrades up to 2.3GB), even complex documents with graphics and images print quickly. The CS317dn can deliver the first colour page in as little as 11 seconds.

Duplex

Unison Toner

Security

Mobility

Dependable security, with mobile print capability

Extensive network security features and protocols are built-in to protect your device, information and network from unauthorised access. Print from mobile devices using an optional Wi-Fi adapter or Lexmark's free Mobile Print app.

4-year Guarantee

Given the choice, wouldn't you prefer to buy a device that protects your investment with a guarantee? The affordable CS317dn is so well made, we back it with a guarantee that covers repair actions including the cost of spare parts if they are needed in the first four years**. The guarantee also offers you free 24-hour online support and access to technical support by phone during working hours.

*Requires free Lexmark Mobile Print app with Android or iOS mobile device

**Offer applies if the product is registered within 90 days from the date of purchase. Supplies and/or consumable parts, such as fuser or transfer unit, are excluded. Please refer to the detailed terms and conditions available at lexmark.com/myguarantee.

Outstanding supplies value

Lexmark's exclusive Unison™ Toner keeps your cost of printing low, with toner yields that provide great value at prices that are budget friendly. Cartridges yield up to 2,300 colour and 3,000 black pages and they never require shaking, which minimises interruptions and keeps your work moving. The Lexmark print system and Unison Toner ensure consistent print quality throughout the life of the cartridge to prevent wasted prints.

User-friendly

The CS317dn is simple to install, easy to use and offers full compatibility with nearly every operating system and network, so you'll be up and running in minutes. It's built to last, so you'll easily be able to print up to 5,000 pages per month, thanks to our state-of-the-art paper handling technology.

Monitor operating status and supply levels on the printer's easy-to-use, 2-line LCD screen, or from a remote location via its web interface. Add an extra paper tray to boost input to 900 pages for fewer interruptions.

Eco-friendly

Built-in two-sided printing reduces paper use. The instant warm-up fuser saves energy and delivers the first colour page as fast as 11 seconds. Select an energy-saving mode (Quiet, Hibernate or Eco) to automatically minimise noise and energy consumption.

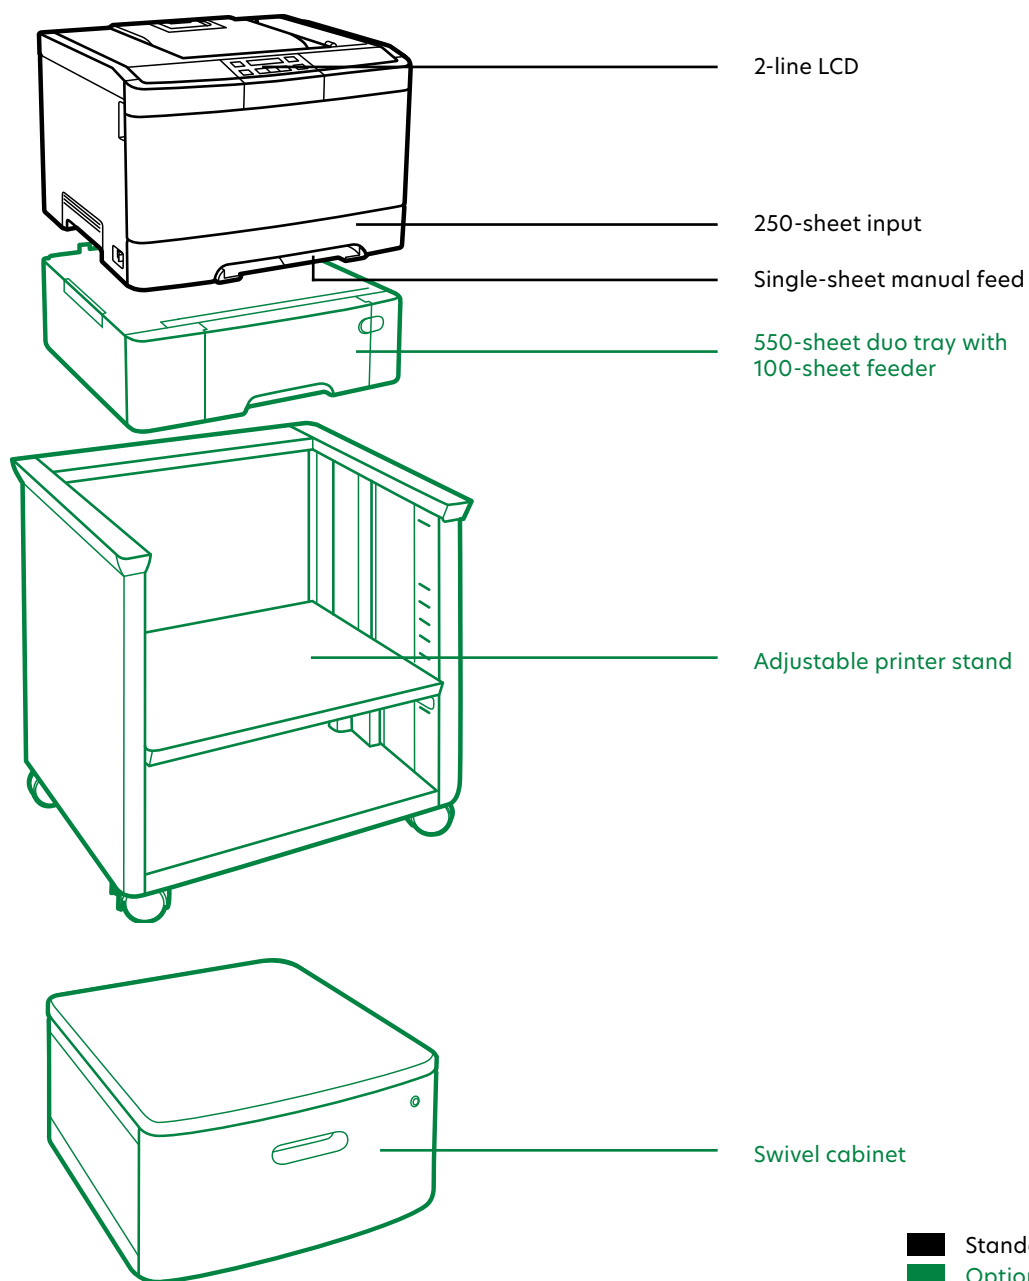

Through LCCP, the Lexmark Cartridge Collection Programme, Lexmark offers a free and easy way for you to return your empty cartridges for sustainable recycling or remanufacturing. Learn more at <http://www.lexmark-emea.com/LCCP/recycling>

Product specifications	Lexmark CS317dn
Printing	
Display	16 character, 2-line backlit All Points Addressable (APA) LCD Display
Print Speed: Up to ³	Black: 23 ppm / Colour: 23 ppm

Size (mm - H x W x D) / Weight	291 x 442 x 407 mm / 20.3 kg
Part Number	28CC075

¹Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798. ²Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details. ³Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds. ⁴Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. ⁵"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ⁶Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details. ⁷"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.
