PRINTING SOLUTIONS FOR MANUFACTURING

C650

The OKI C650 is no ordinary printer, it's designed with the Manufacturing Industry in mind, performing when you need it and wherever you need it, its durability means it will perform in the most challenging of environments. And as the smallest laser-class A4 colour printer on the market, the C650 will fit into almost any space.

ROBUST, RELIABLE & BUILT TO DELIVER

The OKI C650 is a printer you can rely on - even in the most demanding environments!

- Engineering
- Industrial & Chemical
- Food & Beverage
- Pharmaceutical

Don't be fooled by its size, it can handle anything, from creating high quality product labels giving you a quality label your product deserves, to printing personalised promotional material on the production line, generating high margin sales, while improving efficiency and saving costs.

Labelling

- Waterproof & Freeze-proof
- UV & Oil Resistant
- 2D & 3D Barcodes

Whether you need labels for your products or packaging; the C650 is able to print, durable, high quality labels, on a wide range of different substrates including waterproof, freeze-proof and UV resistant in full colour. With OKI LED technology you can rely on sharp text and clear print for all types of barcodes.

Production Line

- Personalisation by customer
- Customisation by product/brand
- QR Codes & Variable Data

Seamlessly integrate high quality colour printing into your production line to transform every sale into an experience that your customers will love, increase your brand's market share, and encourage repeat business. Its compact, requiring minimal space to place and operate.

Health & Safety

- Hazard Warnings
- Safety Data Sheets
- Wall & Window signage

Keeping your employees & visitors safe and keeping up to date with Health & Safety guidelines, is easy with the C650; Bring all your printed requirements in house and take control. Create, vibrant eye-catching signage and safety documentation as and when you need it, at the touch of a button.

Business & Office

- Reports & Presentations
- Business Documentation
- ID Passes

Don't be fooled by the C650 size, its compact and can fit in the smallest of spaces, you wouldn't know it was there. You will be able to create all your business printing from your daily reports to forms, letters to visitor badges.

THE OKI C650 COLOUR PRINTER

It might be the smallest colour laser-class printer on the market, but it's also the toughest! With ultra-reliable Digital LED Technology and an impressive 48% metal construction, the C650 won't let you down!

It fits easily into small spaces in any production or warehouse environment, with only 2cm space required at the sides and 20cm above, and it's unique design only requires front access for replacing consumables.

Fast print speeds, high capacity consumables and generous paper capacity mean minimal user intervention. And the unrivalled media flexibility means you can print on a wide range of different substrates from B8 to 1.3m and up to 256gsm.
