Ricoh is proud to announce a new and affordable Black and White LED printer suitable for general office use

Ricoh SP 400DN

Ricoh's new desktop Black and White LED printer is most suited to general office use. The SP 400DN is a 30 ppm device, perfect for small workgroups of 2-5 people and print environments of 1,000-3,000 prints a month.

The device is a new addition to the Ricoh range and offers outstanding specifications combined with affordable pricing. SP 400DN is:

- Very compact with a small footprint of just 0.145 m2 and has simple front access to paper and consumables
- Network-ready with automatic duplexing
- PCL and PostScript printing enabled and will produce immaculate 1,200 x 1,200 dpi print output at a speed of 30 A4 pages a minute
- Compatible with Ricoh Smart Print app for printing from smart devices
- Outstanding TEC value and energy save features

Better than competition
