

Xerox DocuMate® 752

Fast & Versatile Production Scanning Solution

- Scans documents at 60 ppm in simplex and 120 ipm in duplex*
- A3 size flatbed
- 120 pages ADF capacity**
- Superior image quality Kofax VRS Software included
- Visioneer OneTouch scanning to multiple applications including Microsoft SharePoint
- Daily Duty Cycle – 5,000 pages

* up to 120 ipm at 200 dpi, black & white ** 75 g/m²

Xerox DocuMate 752

The Xerox DocuMate 752 delivers high-quality production scanning to any organisation at the right price. The DocuMate 752 is a production flatbed scanner with a 120 page capacity Automatic Document Feeder (ADF), scans documents at 60 ppm and 120 ipm through high-speed USB 2.0. It is packed with features that will change how you look at and manage paper documents. With its A3 size flatbed, large documents are not a problem and the ADF allows scanning of documents in landscape or portrait.

Robust Features & Connectivity

The DocuMate 752's powerful software, robust functionality and hardware specifications deliver the speed and quality for production scanning. The DocuMate 752 offers file format flexibility including text-searchable PDF.

The included Kofax VRS Basic software provides capabilities such as auto exposure and wide angle de-skew. VRS also helps improve the accuracy of recognition software, thereby reducing the need for manual correction of intelligent character recognition and OCR results.

Vertical Market Solutions

Regulatory compliance requirements have dramatically increased the need for companies to implement secure and reliable records for management and document capture solutions. The DocuMate 752 is ideal for document management in small to mid volume applications and may also be used to complement higher volume products in distributed scanner settings.

Document capture solutions have become essential to meet the everyday document imaging needs of businesses in the finance, insurance, healthcare, transportation and education markets. Likewise, many law offices, courts, clients and administrators handle and manage substantial quantities of paper. Documents are the substance of communication, reference, negotiation and execution of contracts, laws and evidence. Fast reliable and cost effective document imaging solutions like the DocuMate 752 provide almost immediate return on investment when implemented in legal offices.

Xerox DocuMate 752

Visioneer OneTouch

Visioneer OneTouch is an easy to use utility that connects the DocuMate scanner with a powerful set of scanner settings to greatly improve the efficiency of your workflow – so that with one touch, the document is scanned automatically to email, Word, your printer, or simply a file folder.

In addition to scanning directly to all popular destinations, Visioneer OneTouch also links the DocuMate 752 with industry-leading document management software, such as Microsoft SharePoint, DocuWare and Xerox DocuShare – forming an easy to use workflow from paper to a selected destination. A Software Development Kit (SDK) is also available which provides the ability to develop specific links and integrate them into the Visioneer OneTouch control panel quickly and easily.

Kofax VRS technology

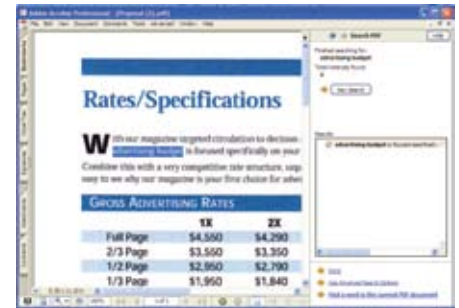

Visioneer OneTouch with Kofax VRS is an integrated software solution that combines the ease of Visioneer OneTouch scanning, with the superior image quality achieved with Kofax VRS. Kofax VRS is an award winning patented technology that automatically insures the best possible image quality and OCR accuracy for scanned document images. As pages pass through the scanner, VRS performs a multipoint inspection of each document, instantly checking and adjusting alignment (skew), brightness, contrast and image clarity.

Kofax VRS Pro Upgrade

An upgrade from Kofax VRS Basic to Kofax VRS Professional is available which provides additional features such as, advanced clarity, auto colour detect, auto rotation, blank page detection, bleed through detection and lots more.

Text Searchable PDF

Transform volumes of paper or photos into organised digital files that can be quickly found, used and shared. In searchable PDF format, the user can instantly search documents for keywords or phrases. This provides additional archival benefits beyond traditional storage, and the widely accepted PDF format lets everyone view and print documents – on any computer.

Nuance OmniPage Pro

Provides a precise OCR and layout retention solution, quickly turning scanned documents into editable, formatted text. The text can then be used in virtually any word processing, desktop publishing or web publishing programme.

DocuMate 752 Product Specifications

Xerox Part No's.	
DocuMate 752 VRS Basic:	003R98074
DocuMate 752 VRS Professional:	003R98738
Scan Speed	
– Black & White, 200 dpi	60 ppm / 120 ipm
– Colour, 150 dpi	35 ppm / 70 ipm
Optical Resolution	600 dpi
Output Bit Depth	24-bit colour, 8-bit greyscale, 1-bit black & white
Scan Method	Fast Duplex ADF
Interface	Hi-Speed USB 2.0 (USB 1.1 Compatible)
Dimensions not including paper trays (width x depth x height)	670 x 514 x 249 mm (26.37" x 20.23" x 9.8")
Weight	19.7 Kg (43.4 lbs)
ADF Maximum Document Size	297 x 864 mm (11.7" x 34")
ADF Minimum Document Size	102 x 121 mm (4" x 4.75")
ADF Capacity	120 sheets (75 g/m ² / 20 lb)
Flatbed Size:	297 x 432 mm (11.69" x 17")
Duty Cycle	5,000 pages / day

Minimum System Requirements

- Pentium IV or equivalent processor
- Windows 2000 SP4 or XP SP1 & 2 or Vista
- 512MB RAM (1GB for Vista)
- 350MB free hard disk space
- DVD-ROM drive
- Available USB Port

Contents

- DocuMate 752 Scanner
- USB 2.0 Cable
- Power Supply
- Quick Install Card
- Technical Support Card
- Spare ADF Pad Assembly
- Installation DVD-ROM including:
 - User Manual
 - Visioneer OneTouch
 - Kofax VRS
 - Nuance OmniPage Pro
 - Scanner Drivers (TWAIN, ISIS & WIA)
